

QUESTIONS

1. What was the philosophy or theory under which the \$525 maximum limitation was established?
2. Was that philosophy -- or some other yardstick -- used in establishing the \$685 figure in section 203 of H.R. 10721?
3. What is your personal opinion as to whether all employees should be treated equally in this respect?

  

1. May a disabled Federal employee be eligible for compensation benefits under the FECA and also be eligible for Federal retirement benefits -- for disability retirement or retirement for age?
2. Is there any distinction between the various Federal retirement systems in this respect?
